

When you need perfect golf putting green, here is a fine pick that you may consider. Custom Golf Putting Green Mats Indoor has a large size of 50x300cm, making it excellent for most golfers. Other than this, the product has a non-slip TPR base, which provides better stability on every surface.

Golf Green Surface Effect: Made of nylon monofilament, the golf mat surface is thick and flat, and the feet will feel comfortable, soft and elastic. The friction and path of the golf ball rolling on the mat surface are very close to the golf green.

Anti-Slip & Abrasion Resistance: The bottom of the golf mat uses TPR, also known as thermoplastic rubber, which is non-slip, abrasion-resistant and non-irritating, and is very environmentally friendly and safe, suitable for home, office or outdoors.

USAGE SCENARIOS

Have the ultimate fun practicing golf at your convenience, without the tedious task of driving to the golf court every single time! Simply open the indoor putting mat & you have a fully functional golfing area!

When you need to play golfs indoors and improve the accuracy, ensure that you find a perfect golf putting mat for indoor uses. Custom Golf Putting Green Mats Indoor for indoors have non-slip backing systems to prevent them from slipping off the floor. These units also

come in a wide range of sizes to get what suits your playing needs. Besides this, Custom Golf Putting Green Mats Indoor is easily portable and reliable. Because of this, you will get it suitable for both indoor and outdoor uses. With the raised sides, it keeps the ball from getting off the mat plus allows for smooth rolling of the ball. The cost of the product is relatively lower despite the top-notch features.
