

Bikes can be messy, the floor is messy, everything's messy! But look at that, we've found a way to keep everything protected, and much cleaner. Our Large Motorcycle Garage Track Floor Mat is the perfect addition to your garage, and a great idea on the trackside, or the paddock/pit. This motorcycle mat will help by keeping dust, oil, rocks, and debris off your motorcycle as well as the bottom of your feet. Motorcycles could damage parking areas by dripping oil or brake fluid in addition to the weight from the kick stand. Large Motorcycle Garage Track Floor Mat are HEAVY DUTY yet lightweight & low-profile making roll-ons easy and smooth. Large Motorcycle Garage Track Floor Mat features a high end TPR backing for grip on any garage floor, workspace, basement, storage facility, or parking surface.

Shenzhen Dotcom are the leading specialist manufacturer and supplier of customised logo mats. We supply the highest quality motorcycle mats to many brand customers, like HONDA, KAWASAKI, etc.. and have a solution for every type of matting requirement. The mats we supply are also tailored to individual project requirements, colour, sizes, design and specifications reflect the particular needs of each project. And although specialised this is done quickly with our customers dates in mind.

Brand new and custom designed, you won't find these anywhere else! Top quality motorcycle mats just like the factory teams use in their pit areas. Each mat features a rubberized non-slip backing/PVC backing/TPR backing with gas and oil resistant nylon/polyester carpet. Each mat is printed for vibrant colors and designs. I offer two designs to choose from for each manufacturer, or I can do a fully custom design as well with Rider ID information. Large Motorcycle Garage Track Floor Mat is the perfect gift for any motocross rider.
