FAQ

Q: How long have you been in the carpet industry?

A: We have been deeply involved in the carpet industry for 20 years, and we have a strong supply capacity. We focus on serving customers and solving problems that they cannot solve.

Q: Can you offer a sample?

A: Yes, we can make samples for our customers first before the bulk order. Sometimes we also offer a free stock sample for quality evaluation.

Q: About printing size accuracy problem?

A: As the fabric is flexible, we can't make the logo size exactly same as your design, we will try our best to match it as close as possible.

Q: Can we make exactly the same color?

A: Different materials bring different visual effects, so sometimes it is difficult to be exactly the same, and we can only approach it according to the customer's design as much as possible.
